

LICENCE TO KILL

**You had the dogs killed
to sell pulutan in your eatery**

You know, we know - you are GUILTY!

But never mind, here is our gift to you ...

**... Maria Lourdes Esperanza D. Soriano
and Alfredo R. Centeno, Baguio City Prosecutors**

THIS IS NOT A GAME ...

This card has been designed strictly for the purpose of bringing to your attention the action recently taken by the Prosecutors Office in Baguio City.

You will read in the document NPS Docket No. 09-9482 that the defendants do not deny breaking the law by aiding and abetting the illegal dog trade by selling dog meat dishes ... yet they were allowed to walk free.

This greatly harms the prestige of the Philippines and the very proud Filipino population.

Mr Ambassador, we therefore respectfully request that you urge your government to vigorously enforce your laws to protect both humans and animals.

Sincerely
